DETAILED ACTION

Election/Restrictions

Applicant's election of Group I (claims 1-3, 5, 8, 9, 11-13, 15 and 16) in the reply filed on 7/12/06 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claims 1-3, 5, 8, 9, 11-13, 15 and 16 are directed to an allowable subcombination. Pursuant to the procedures set forth in the MPEP, claims 4, 6, 7, 10, 14, and 17-27, directed to a combination, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

cancel claims 28-38 as claims elected without traverse.

Reasons For Allowance

Claims 1-27 have been allowed over the prior art.

The following is an examiner's statement of reasons for allowance: Prior art could not be located that taught manufacturing an adhesive substrate with a die-cavity sidewall comprising laminating the first substrate with a sacrificial film, a partially cured resin being formed between the first substrate and the sacrificial film; forming an aperture located corresponding to the region of the first substrate, the aperture passing through the first substrate, the partially cured resin and the sacrificial film in a manner that the first substrate has the die-cavity sidewall inside the aperture; and removing the sacrificial film to expose the partially cured resin on the first substrate. This limitation, in conjunction with the other claim limitations, was neither disclosed in, nor suggested by, the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
